## EC Type Examination Certificate

No. CE 608922

#### **Product Specification**

Range: Rebel Leading Edge SRL

**Models in range:** 3590542 - SRL Rebel 6 m Galvanised Wire Rope, Leading Edge Type B, 2000116

Snap-hook End, Plastic Body, CE

3590545 - SRL Rebel 12 m Galvanised Wire Rope, Leading Edge Type A, 2000178

Hook End, Plastic Body, CE

**Product Description:** The Leading Edge Rebel<sup>™</sup> self-retracting lifeline (SRL) line is a fall protection system

allowing users to tie-off at foot level. It has been sharp edge tested to VG11 RfU 54 (CNB/P/11.054 Revision 06) to provide protection over a sharp edge (Type B) or edge tested VG11 RfU 60 (CNB/P/11.060 Revision 08) to provide protection over an edge (Type A). It has a heavy-duty thermoplastic housing and is designed featuring a stackable design, and an impact indicator to provide verification of whether the equipment has been involved in a fall. The lifeline will extend as the user moves away, and retract automatically, enabling the user to move about within a recommended working area at normal speeds. In the event of a fall occurring, a speed sensing brake system activates, stopping the fall and reducing the forces

imposed on the user to safe levels.

**Technical Specifications:** EN 360:2002 - Personal protective equipment against falls from a height.

Retractable type fall arresters.

VG11 RfU 54 (CNB/P/11.054 Revision 06). VG11 RfU 60 (CNB/P/11.060 Revision 08).
